Introduction to Finnish - course, 25 h

On the Way to Finland - training package courses organized by Fincos Oy are tailored according to the wishes of the customer. Teaching can be given as intensive teaching or part-time in addition to work.

In basic Finnish language teaching, the goal is to reach skill level A2.2 according to the European reference framework, which provides a good starting point for the transition to Finnish working or study life.

During the counseling services, we go through the initial orientation related to moving to Finland and starting working life or studying. The contents of the initial orientation take into account the special needs of companies and educational institutions. Teaching is primarily carried out in the country of origin before moving to Finland.
